MATERIAL SAFETY DATA SHEET

Description: Rabbit anti-Estradiol, Product #P123, lot #PAxxx

This product contains sodium azide (NaN_3). At this product's concentration (<0.1%) it is not considered hazardous. NaN_3 may react with lead and copper plumbing to form highly explosive build-ups of metal azides. Upon disposal, flush with large volumes of water to prevent metal azide build-up in plumbing. As with any product derived from biological sources, proper handling procedures should be used. Wear appropriate personal protective equipment to avoid contact with eyes and skin. Unused reagents should be disposed of according to local, State, and Federal regulations.

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. CalBioreagents shall not be held liable for any damage resulting from handling or from contact with the above product.
